

## CPSC 319 Team Meeting Minutes

### General Information

**Date:** Wednesday, February 13, 2013

**Time:** 3:00pm

**Location:** X008

**Members Present:** All

### Agenda

- 1) How are things looking on the design end?
  - a. Update from David
    - Need someone to start writing stuff for the Design Document
    - Not sure about password changing, user, and roles
    - The team needs the tech stack so that everyone will be using the right configurations
  - b. Update from Steven
    - Has been working on Visual Studio with Web Developer Tools and figuring out ASP.NET MVC projects work
- 2) Environment setup—has everyone gotten VS2012 up and running?  
Yes—yay!!
- 3) Starting on C# training soon—Ryan/Steven: any idea when you can start giving the rest of the team websites or PDFs to look at for C#?
  - a. What happened to the tutorials?
    - Ryan will post them on the website or send them out by the end of the week
- 4) What are we going to do for the rest of the week moving forward?
  - look into C#
  - MVC framework
- 5) Website Update  
Done.

## To Do

### David

- make something that the team can pull
- membership stuff done by Friday—start designing in the priority of implementation
- design document

### Steven

- design document

### Jessica

- SRS document (if it comes back)
- start learning C#

### Jacqui

- SRS document (if it comes back)
- start learning C#

### Ryan

- SRS document (if it comes back)
- start learning C#
- post tutorials for C#

### Jon

- start learning C#

## Extra Notes

Jessica will be on vacation for the first bit of reading break—she will be reachable by email but for the time being, David will take over as implementation phase leader.
