# CPSC 319 Team Meeting Minutes

## General Information

**Date**: Monday, February 27, 2013
**Time**: 3:00pm
**Location**: X341

**Members Present**: All

## Agenda

1. Environment setup: has everyone finished setting their environment up? Any problems?
   - Jess has finally gotten it set up (as of the night of Feb 27)
   - not sure about Jon but I think he has

2. Goals for implementation this week.
   - get all the model stuff up and running
     o start working on your assigned tasks in Github (everyone should have 3-4 plus any others they decide they need to create)
   - deadline for each week's To-Dos is the Monday of the week after (during the TA meeting)

3. Any other comments?

## Extra Notes

Don't forget to hand in the Peer Evaluation document (due Wednesday at midnight).
