Location: X337 and X151

Members Present: All

Agenda
1) What did you do last week?
   Last week was sort of a half week for most of the team. We got the SRS back and made the necessary revisions before sending it back and David and Steven worked on the Design Document. Everyone also worked on getting their environment set up.

2) How are things looking on the design end? Is the Design Document ready to hand in?
   The Design Document is done and ready to be handed in through email.

3) The project has been set up on Github last week. Has everyone set it up? Have there been any problems?
   - Tasks and issues set up on Github
   - Multiple team members have had trouble getting the SQL 2008 Server to run without crashing
     o As of the end of the meeting, 4/6 members have the project up and running
   - Make sure your settings are standardized against everyone else's

4) C#: has everyone looked at the tutorials?
   Yes.

5) SRS comments
   We wish to get the SRS to Neil by Friday so it would be good if we can get the SRS back ASAP

6) What are we doing next week?
   All members full steam ahead on implementation.

Extra Notes
Don't forget to hand in the Peer Evaluation document.
